

WriQ Deployment

Last Modified on Wednesday, 21-Oct-2020 12:18:23 BST

Deploying and Licensing WriQ

To get started with deploying and licensing WriQ, please refer to the instructions below for your license type. (Group or Unlimited Domain-wide)

Your license type can be found in the email received when WriQ was purchased or renewed by your organization.

For Group Licenses (A limited number of WriQ seats)

1. Manage and license your WriQ users

For G Suite for Education Google domain	Read Texthelp Admin Tool User Guide
---	---

2. Deploy the WriQ extension

For G Suite for Education Google domains	For instructions to deploy a Chrome app or extension to your users through the Google Admin Console please read Automatically install apps and extensions from Google Chrome Enterprise Help
--	--

For Unlimited Licenses (An unlimited number of WriQ seats for everyone in the domain)

With unlimited licensing, you only need to deploy the WriQ extension.

For G Suite for Education Google domains	For instructions to deploy a Chrome app or extension to your users through the Google Admin Console please read Automatically install apps and extensions from Google Chrome Enterprise Help
--	--

Force installing the extension from the Google Admin Console is not mandatory. End users can manually install the extension from the [Chrome Web Store listing for WriQ](#).

You can find our Quick Start Guide, Teacher Guide, and WriQ Score explanation on our [Getting Started](#) page.
