How To Deploy Apps And Extensions Through The Google Admin Console

Last Modified on Thursday, 02-Jul-2026 09:15:40 BST

For maximum exposure of our products we would highly recommend that our extensions are force-installed and pinned. *

For instructions to deploy a Chrome app or extension to your users through the Google Admin Console please read **Automatically install apps and extensions** from Google Chrome Enterprise Help.

Please Note:

If you have purchased a **Read&Write for Google Chrome** or **Equatio** group license, you should also view the **Texthelp Admin Tool User Guide**

If you are looking to deploy **Fluency Tutor for Google** via Marketplace, you can view our **Marketplace installation Guide**.
