Read Your Math Aloud

Last Modified on Thursday, 02-Jul-2026 09:15:06 BST

Math that has been inserted to a Google Doc using **Equatio** can be read aloud using the **Read&Write for Google Chrome** extension

Once you have inserted your created equation or mathematical expression into a Google Doc using Equatio, Read&Write for Google Chrome can then read what you have inserted aloud for you!

Simply place your cursor in front of the equation, or highlight it, and click play:
