Activating A Single License With A Product Code

Last Modified on Wednesday, 05-Aug-2026 21:27:43 BST

To activate a single license using a product code, please click on the links below to go to the instructions for the product and platform that you will be using.

Note: these instructions assume the you have already installed the trial version of the product. If you have not done that, go to I bought a single license of Read&Write, Equatio, Now What?.

Read&Write

For Google Chrome

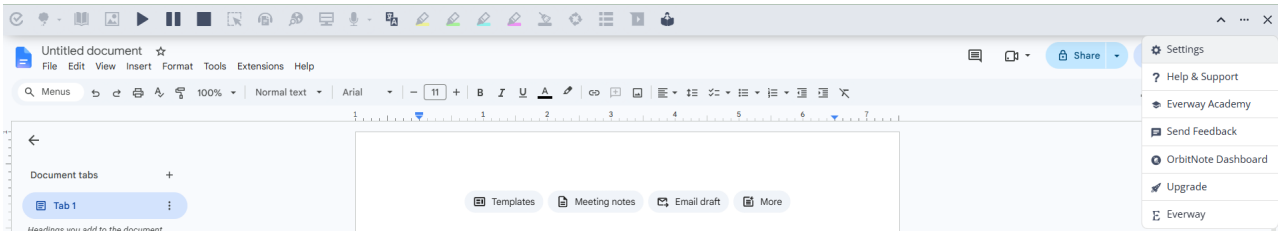

For Windows

Equatio

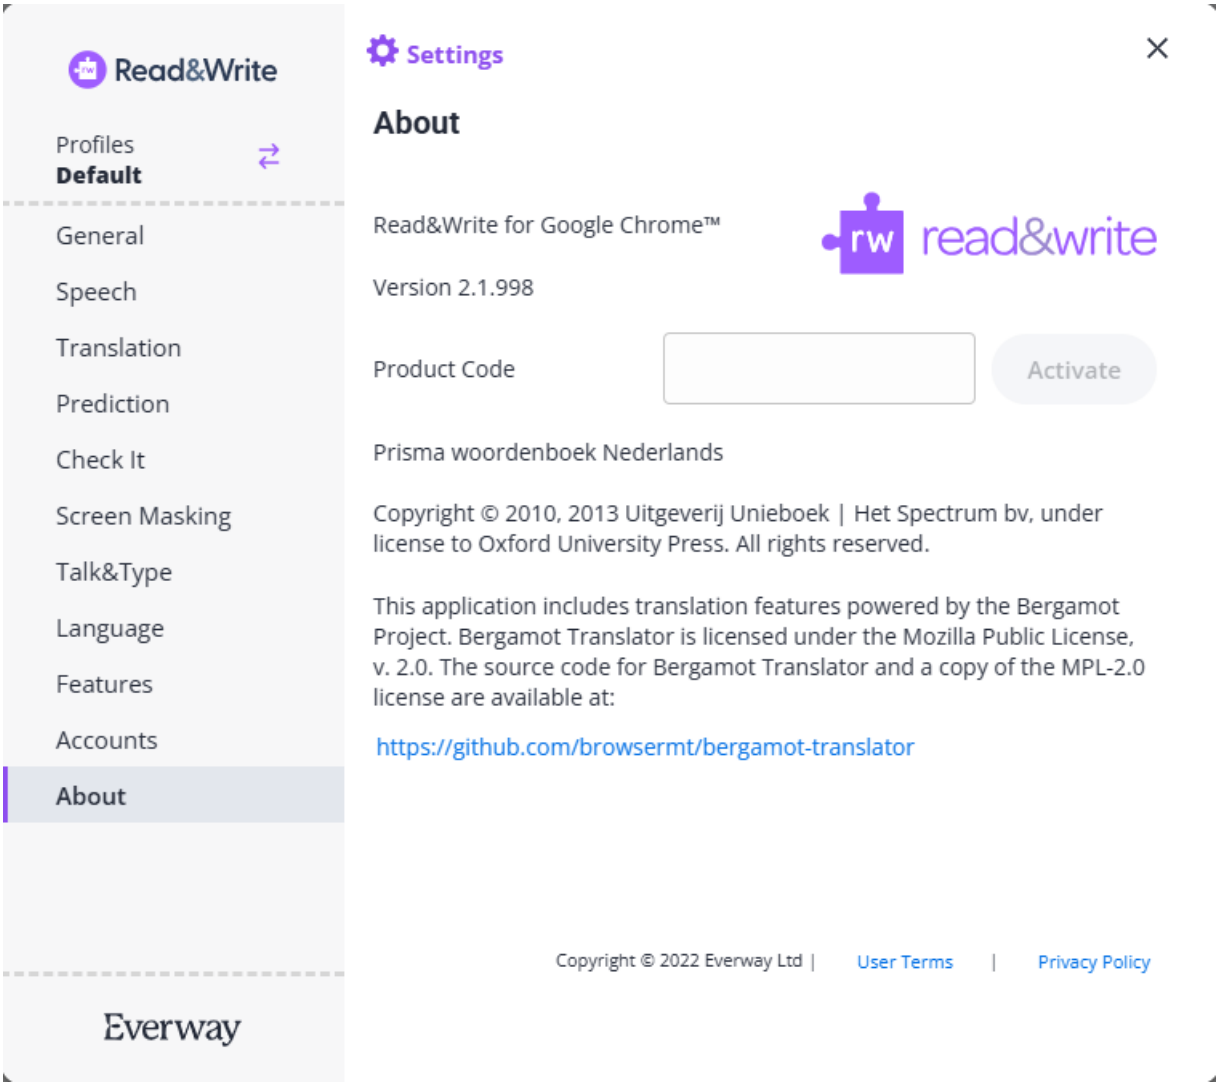

For Google Chrome, Windows, and Mac

Read&Write for Google Chrome

Open up the Read&Write for Google Chrome toolbar in a Google Doc or on a web page and click on the three dots on the right hand side of the toolbar and select “Settings”.

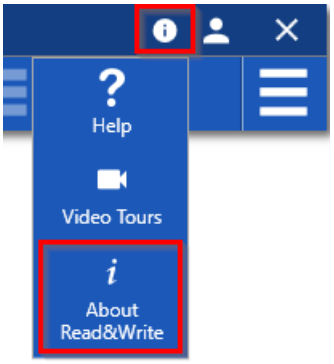

In the Settings Menu, select “About” and you will see an empty field for your Product Code. Enter your Product Code and click “Activate”. Your toolbar will then light up all of the icons and the trial message will go away.

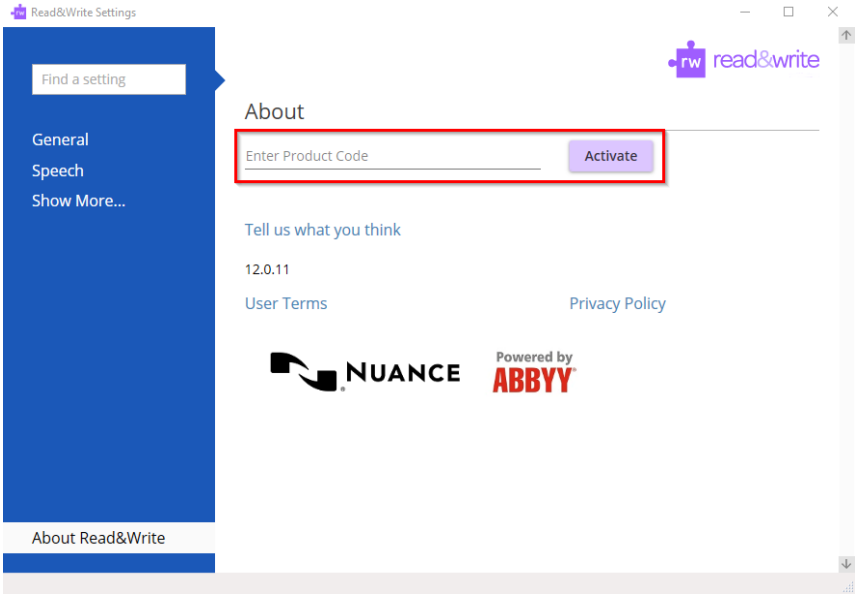

Read&Write for Windows

Open the Read&Write for Windows toolbar and click on the information icon in the top right corner of the toolbar and then select “About Read&Write”.

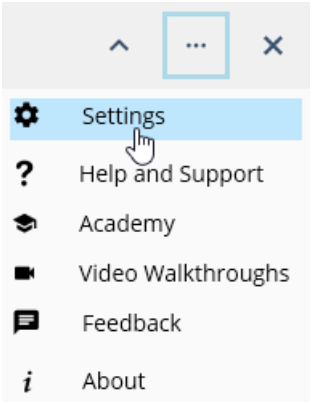

Enter your product code and click **Activate**. Your toolbar will then light up all of the icons and the trial

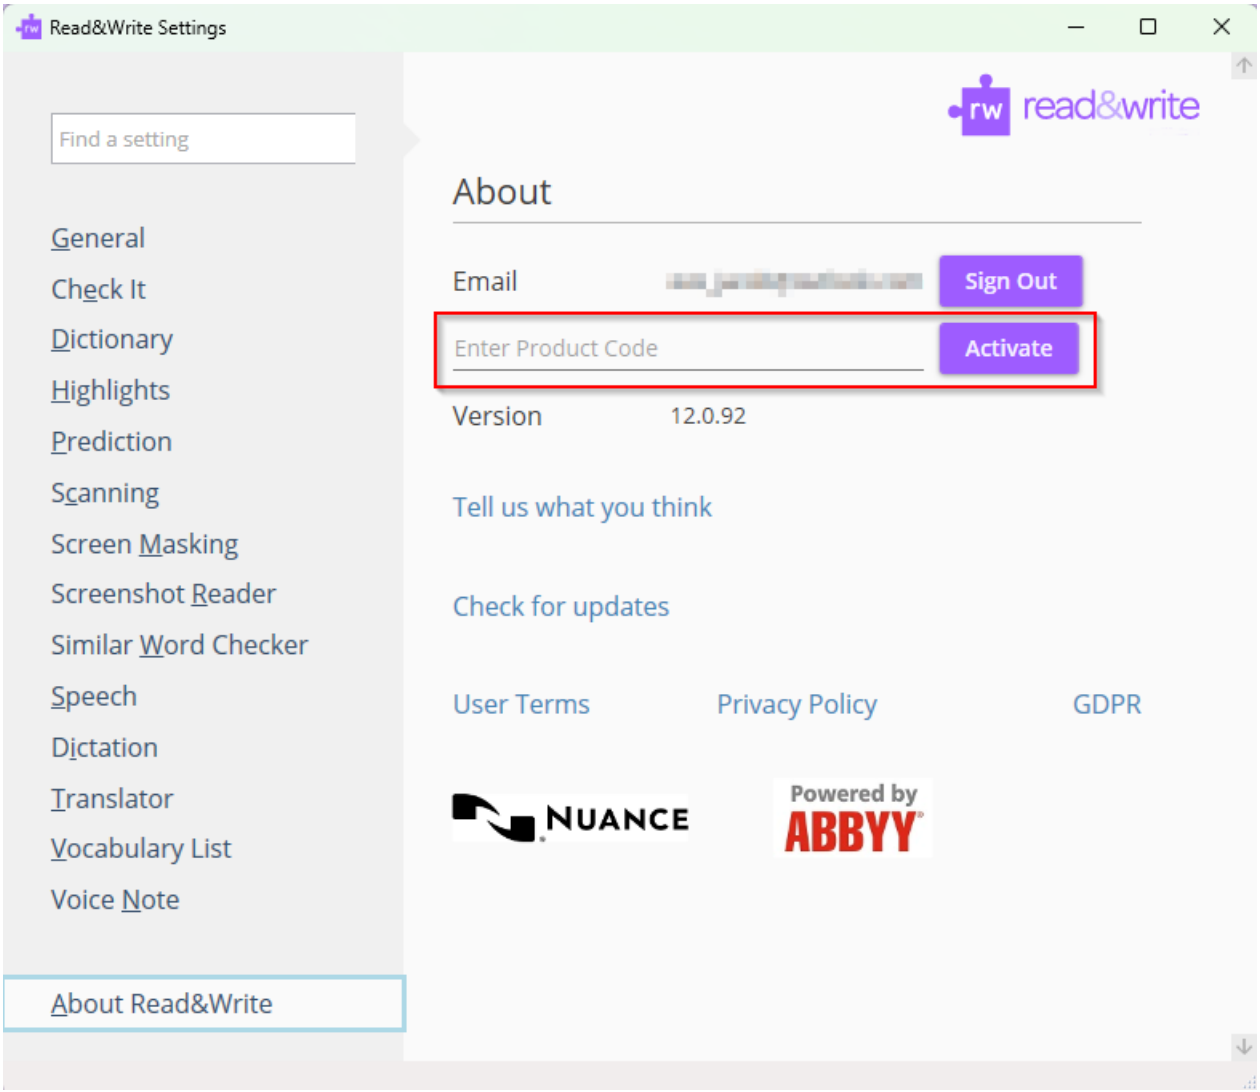

message will go away.

If you're using Read&Write for Work, open Read&Write and go to Read&Write settings

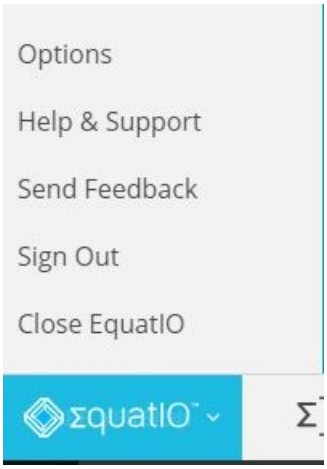

Enter your Product Code and click **Activate.** Your toolbar will then light up all of the icons

Equatio for Google Chrome, Windows, and Mac

Open Equatio and go to the pop up menu in the bottom left of your screen and select “Options”.

On the Options menu, select “Premium”. Enter your Product Code, and click “Activate”. You will now have access to all of the premium features.
