

Admin Installation Of Equatio For Canvas

Last Modified on Friday, 10-Jun-2022 15:15:50 BST

The following instructions are for **Canvas Administrators** to add the **Equatio for LMS** app to their **Canvas** environment. For **Teacher/Course Designer** instructions to add **Equatio for LMS** to specific **Canvas** courses, please click here: <https://support.texthelp.com/help/teachercourse-designer-installation-of-equatio-for-canvas>

Log in to your **Admin Dashboard** and select **“Settings”**

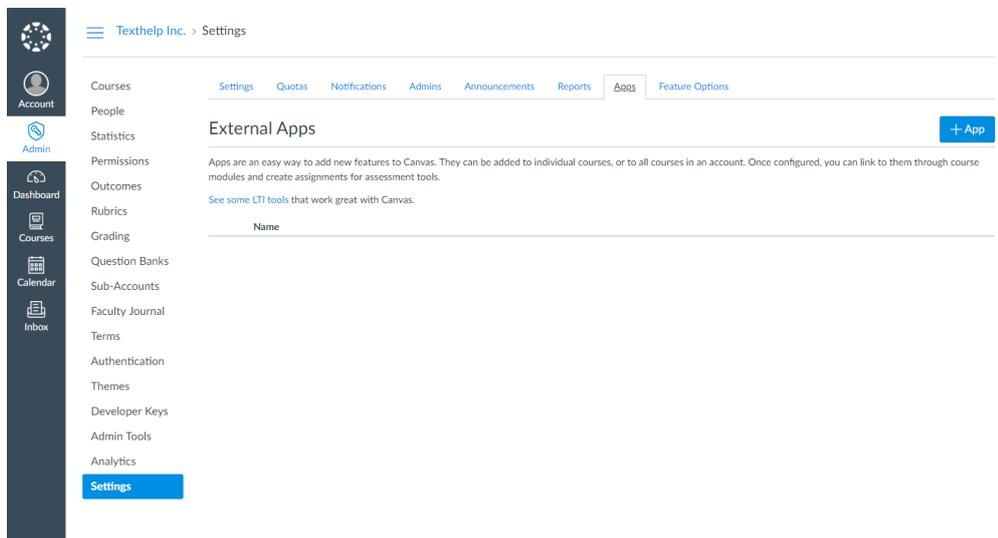

The screenshot shows the Canvas Admin Dashboard for 'Texthelp Inc.' with the 'Settings' tab selected. The left sidebar contains navigation options: Account, Admin, Dashboard, Courses, Calendar, and Inbox. The main content area is titled 'Account Settings' and includes the following fields and options:

- Account Name: Textbox containing 'Texthelp Inc.'
- Default Language: Dropdown menu set to 'Not set (defaults to English (US))'. A note below states: 'This will override any browser/OS language settings. Preferred languages can still be set at the course/user level.'
- Default Time Zone: Dropdown menu set to 'Mountain Time (US & Canada) (-07:00/)'.
- Allow Self-Enrollment: Dropdown menu set to 'Never'.
- Login Label: Textbox containing 'ex: Login, Username, or Student ID'.
- Trusted HTTP Referers: Textbox containing 'https://example.edu'. A note below states: 'This is a comma separated list of URL's to trust. Trusting any URL's in this list will bypass the CSRF token when logging in to Canvas.'
- Default View for Dashboard: Dropdown menu set to 'Card View'.

At the bottom of the settings, there are three checkboxes:

- Don't let teachers rename their courses
- Students can opt-in to receiving scores in email notifications
- Restrict students from viewing quiz questions after course end date

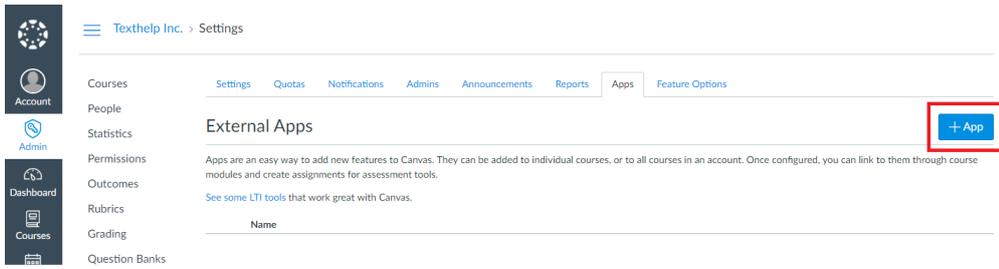

Select **“Apps”** from the tab list along the top

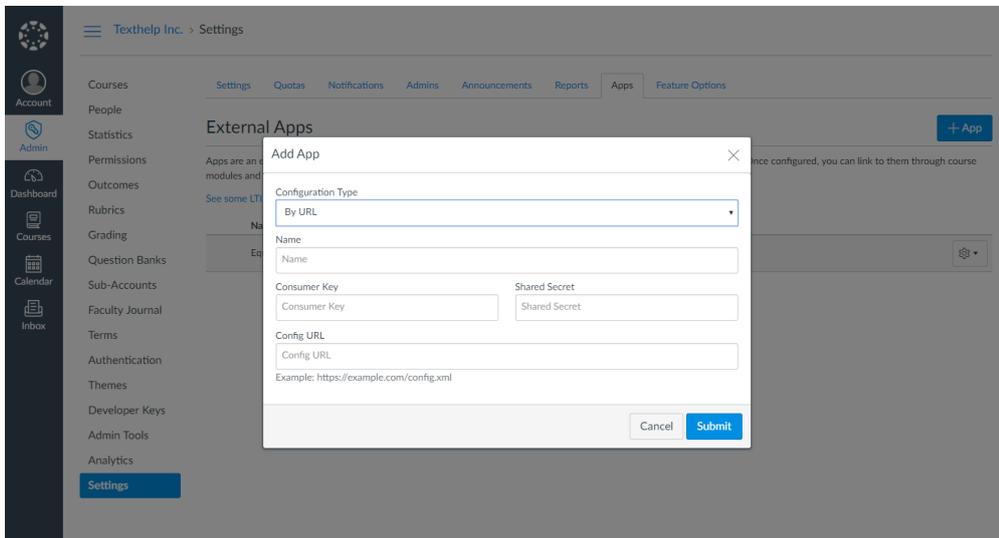

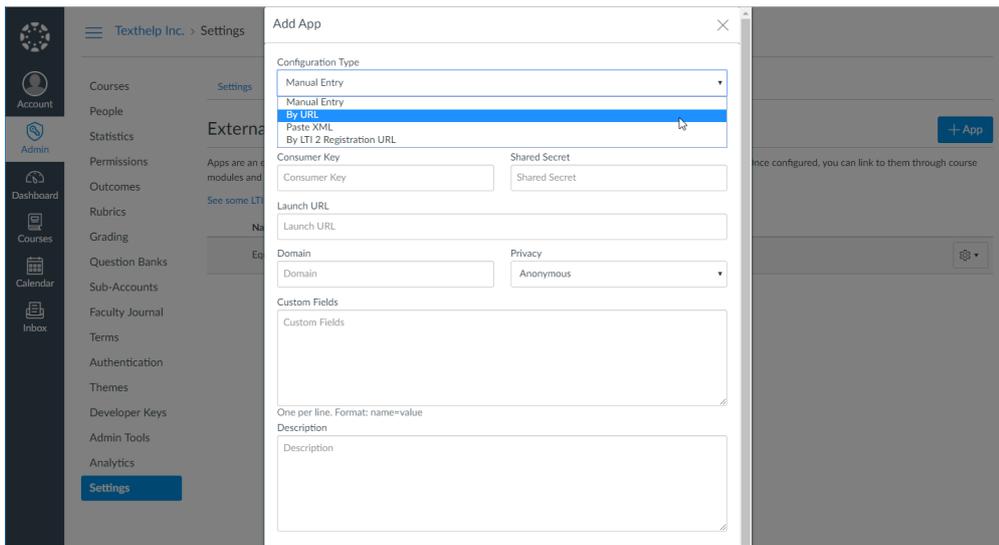

The screenshot shows the Canvas Admin Dashboard for 'Texthelp Inc.' with the 'Apps' tab selected. The left sidebar is the same as in the previous screenshot. The main content area is titled 'External Apps' and includes the following elements:

- A blue '+ App' button in the top right corner.
- Text: 'Apps are an easy way to add new features to Canvas. They can be added to individual courses, or to all courses in an account. Once configured, you can link to them through course modules and create assignments for assessment tools.'
- Text: 'See some LTI tools that work great with Canvas.'
- A table with a single header row: 'Name'.

Click on the **+App** button which will pull up the dialog to add **Equatio for LMS**

Click the drop down for “Configuration type” and select “By URL”

Fill out the fields for the **Add App** screen as follows:

Name: Equatio

Consumer Key: This will be your Product Code

Shared Secret and **Config URL** can be found in the purchase email along with your Product Code. If you have not received these or have any questions, please contact us directly at support@texthelp.com

Once these have been entered click **Submit**. A green confirmation screen that the app was successfully added will appear, and **Equatio** will appear under your External Apps list

A screenshot of the Canvas LMS Settings page. The breadcrumb trail shows "Texthelp Inc. > Settings". The left sidebar contains navigation links for Account, Admin, Dashboard, Courses, Calendar, and Inbox. The main content area has tabs for Settings, Quotas, Notifications, Admins, Announcements, Reports, Apps, and Feature Options. The "Apps" tab is active, displaying the "External Apps" section. Below the section title is a blue "+ App" button. A descriptive paragraph explains that apps are used to add new features to Canvas. Below this is a link: "See some LTI tools that work great with Canvas." A table lists the installed external apps. The table has a header row with "Name" and a body row with "Equatio". A gear icon for editing is visible to the right of the "Equatio" entry.

Name
Equatio

Click the gear icon next to **Equatio** under External Apps and select "Edit" - under the Launch URL field, add "https://equatio-lti.texthelp.com" then click **Submit**
