

Teacher/Course Designer Installation Of Equatio For Canvas

Last Modified on Friday, 10-Jun-2022 15:47:53 BST

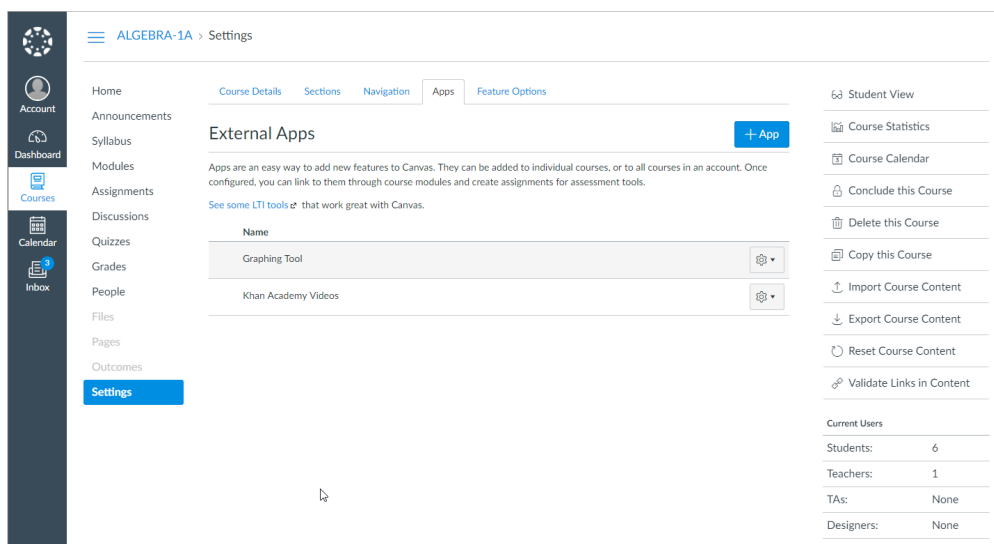

The following are instructions for **Canvas Teachers/Course Designers** to add the **Equatio for LMS** app to specific **Canvas** courses. For **Canvas Administrator** instructions please click [here](https://support.texthelp.com/help/admin-installation-of-equatio-for-canvas):
<https://support.texthelp.com/help/admin-installation-of-equatio-for-canvas>

Note: This will require information from your **Canvas Admin**

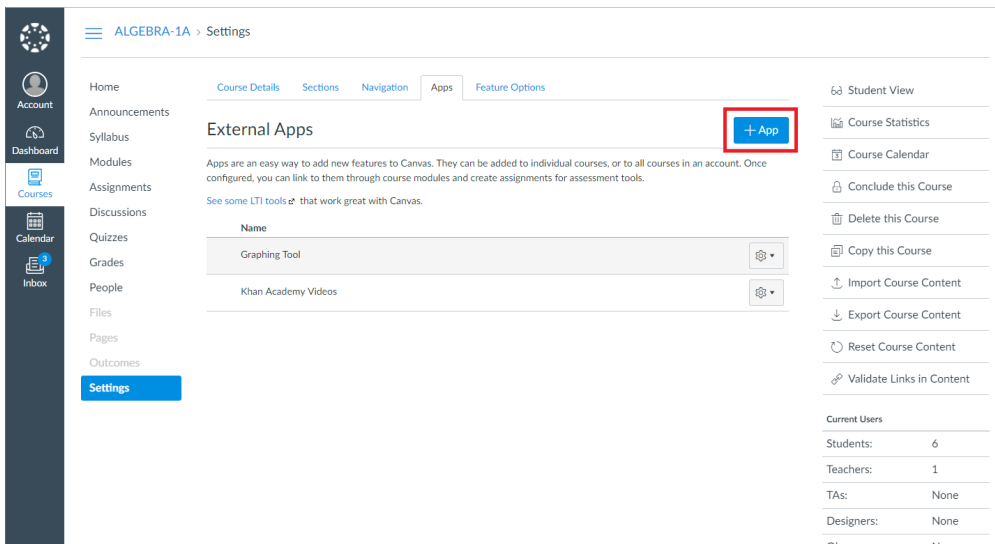

Log in to your **Teacher Dashboard**, click on the **"Courses"** sidebar and select the course you are looking to add **Equatio** for

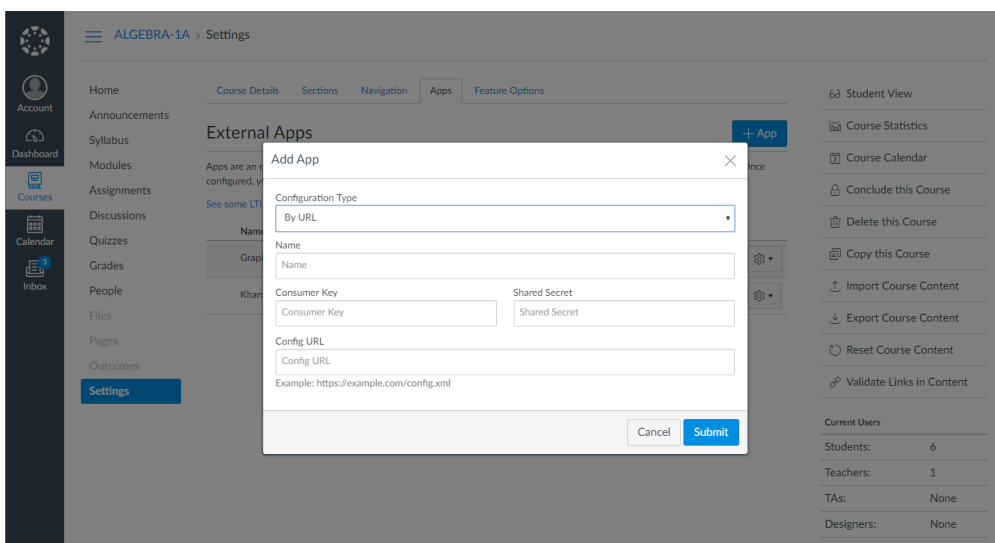

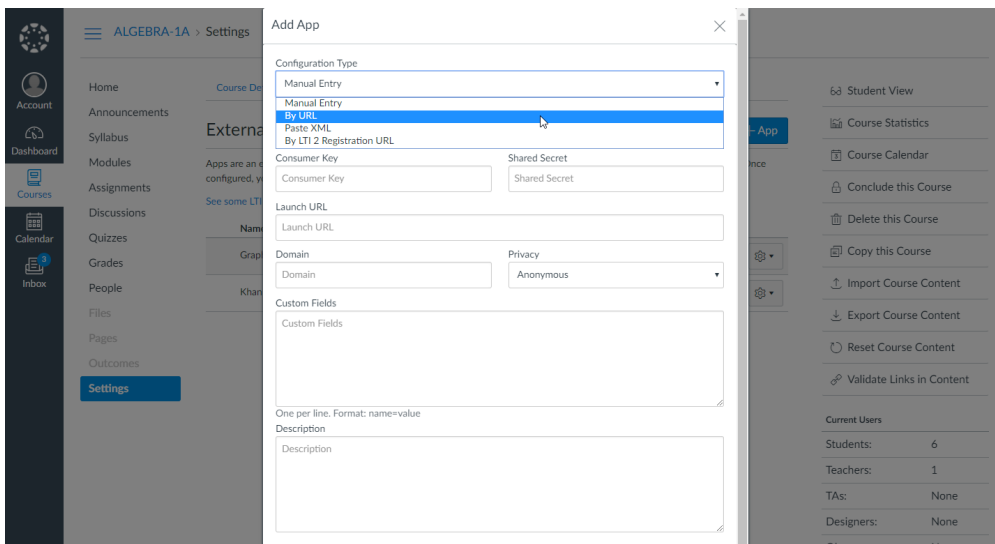

Click the **"Settings"** button to bring you to the **External Apps** screen below

Click on the **+App** button which will pull up the dialog to add **Equatio for LMS**

Click the drop down for "Configuration type" and select "By URL"

Fill out the fields for the **Add App** screen as follows:

Name: Equatio

Consumer Key: This will be your Product Code

Shared Secret and Config URL can be found in the purchase email along with your Product Code. If you have not received these or have any questions, please contact us directly at support@texthelp.com

Once these have been entered click **Submit**. A green confirmation screen that the app was successfully added will appear, and **Equatio** will appear under your **External Apps** list

A screenshot of the Canvas LMS interface. The top navigation bar shows "ALGEBRA-1A > Settings". The left sidebar contains navigation options like Home, Announcements, Syllabus, Modules, Assignments, Discussions, Quizzes, Grades, People, Files, Pages, Outcomes, and Settings (highlighted). The main content area is titled "External Apps" and includes a "+ App" button. Below the title is a table of installed apps: Equatio, Graphing Tool, and Khan Academy Videos. Each app has a gear icon for editing. To the right of the table are various course management actions like "Student View", "Course Statistics", "Course Calendar", "Conclude this Course", "Delete this Course", "Copy this Course", "Import Course Content", "Export Course Content", "Reset Course Content", and "Validate Links in Content". At the bottom right, there is a "Current Users" section with a table showing 6 students, 1 teacher, and no TAs or designers.

Click the gear icon next to **Equatio** under External Apps and select "**Edit**" - under the Launch URL field, add "<https://equatio-lti.texthelp.com>" then click **Submit**
