

Signing Into Read&Write With a Take Home Code

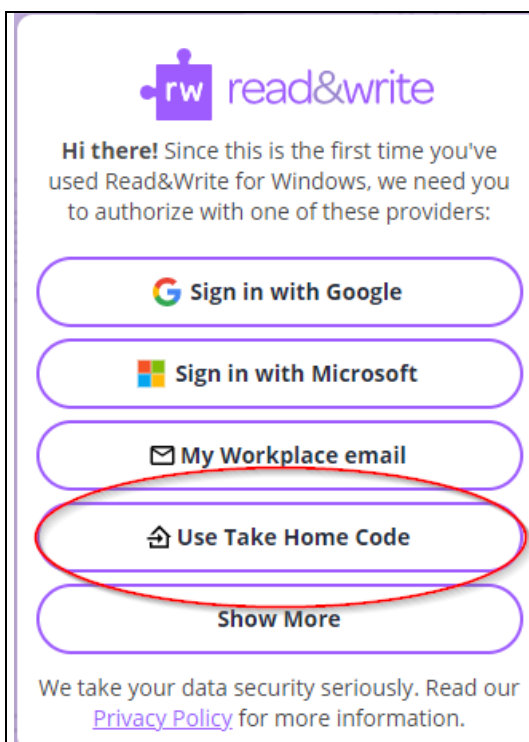

Last Modified on Thursday, 03-Aug-2023 19:45:30 BST

In Read&Write version 12.0.51, we've introduced the option to sign into Read&Write using a Take Home Code. This option is available for licenses that include the Take Home option. The Read&Write Take Home Code is managed by your organisation. If you have been given a Take Home Code by your organisation, you can activate Read&Write by following the steps below:-

1. Click the **icon** on the top of your Read&Write toolbar.

2. Click on the **Use Take Home Code** option.

4. Enter your new Take Home Code and click **Continue**.

If your school or organization has provided you with a Take Home Code, you can enter it below.

Take Home Code

Sign In

Read&Write will now be activated and ready for you to use.

Please note:- *This license is to be used by authorised members of the licensee's organisation only. Unauthorised usage is in violation of the site license agreement.*
