How can I see the Protocol website/URL and password I created so I can share it with my students.

1. Navigate to: https://universalpar.com

2. Login.

3. Right click on your name in the upper right hand corner.

4. Select "Use legacy version".

5. Select "Manage protocols".

6. Click on the info icon to the right of the Protocol name. (Circle with an i in it)

The Legacy uPAR Protocol URL, name and password will be displayed
