Getting Started with OrbitNote Modern

Last Modified on Wednesday, 23-Jul-2025 14:28:53 BST

How to Access OrbitNote Modern

To access OrbitNote go to orbit.texthelp.com

This will prompt you to sign in with Google or Microsoft:

Orbit Note	
Hi there! To sign in to OrbitNote, we need you to authorise with one of these providers:	G Sign in with Google

Once signed in, you will be brought to the OrbitNote dashboard:

🧿 Orbit Note	Dashboard					
	0					
Dashboard	Open or drag a file here:					
Image to PDF						
Settings						
🕒 Sign Out		-				
Resources	Fro	m Local System	From Google Drive	From OneDrive		
🤝 Texthelp Academy						
	5				00	
() Support Pages	Rece	nt Files			<u> </u>	
🖻 Feedback						

On the OrbitNote dashboard you will have the option to Open a PDF from your local system, from Google Drive, or from OneDrive.

Add the OrbitNote extension for Additional Functionality

We have a lightweight extension you can install that will allow you to open Web PDFs into OrbitNote, as well as provide integrations for Google Classroom and certain Learning Management Systems (LMS).

To install the extension, go to the link below and then select "Add to Chrome"
