

Why are my premium features as a teacher missing in Equatio?

Last Modified on Thursday, 15-Aug-2024 16:15:40 BST

As a teacher who had premium access to Equatio, I am no longer seeing premium features. Why is that? And why is it asking me to upgrade? Back in 2023, we announced we were discontinuing our Free for Teachers program for Equatio <https://www.texthelp.com/products/free-for-teachers/equatio/>

So as of 6/30/2024, the Free for teachers program ended and now teachers without a license will only see the freemium features. If teachers would like to move forward with using the premium features, they will need to purchase a license of Equatio, which can be done here: <https://www.texthelp.com/pricing/>

Or you can have your school district reach out to our sales team about purchasing a group or unlimited license of Equatio. Just fill out the form here and someone will get back to you. <https://www.texthelp.com/pricing/enquiry/>

If you or your school has a premium license and are missing premium features, you can always reach out to support at support@texthelp.com
