

URLs for Allowing ExamWritePad

Last Modified on Thursday, 06-Feb-2025 10:33:01 GMT

ExamWritePad is a predominately offline software that won't require a connection to the internet in order to run normally, however there are some specific scenarios where ExamWritePad can make a connection in order to apply a trial or an update.

Details of the URLs ExamWritePad communicates with for these scenarios are below -

30 Day Trial:

ExamWritePad will need to be able to reach the following URLs in order to set-up and apply its built-in 30 day trial -

- <https://examwritepad.com/getconnectionstate.php>
- <https://examwritepad.com/getdate.php>
- <https://examwritepad.com/getIP.php>
- https://examwritepad.com/License_Trial.php

In-App Updates:

ExamWritePad will need to be able to reach the following URLs in order to check for, download and apply updates using either the in-app option or automatic checking service -

- <https://examwritepad.com/update-file.txt>
 - <https://examwritepad.com/update-version.txt>
 - <https://examwritepad.com/wp-content/uploads/3571/zip/2024/09/06/ExamWritePad.zip>
