

How do my students accept the uPar invite if no email is sent out?

Last Modified on Wednesday, 19-Feb-2025 19:44:07 GMT

Steps to accept a student invite for uPar:

Open ID accounts : Google, Microsoft and Office 365 will prompt you to authenticate through their server, then direct you back to: startpar.com

Students simply need to login to: startpar.com They will see an invitation that they can accept.
(No email will ever be sent, and all of your students will be up and running.)

If you do not use Google, Microsoft, or Office 365 accounts, for security purposes, your users will need to confirm their identity through an email when they set up their account.

Non Open ID accounts:

1. Navigate to: startpar.com
 2. Type in your email and select continue.
 3. Log into your email and open the uPar confirmation email.
 4. Click on Confirm Your Email.
 5. Enter in name and a password.
 6. Click on Create.
 7. Click on Accept and then Continue.
