

How do I give a student access to uPAR using a username and password?

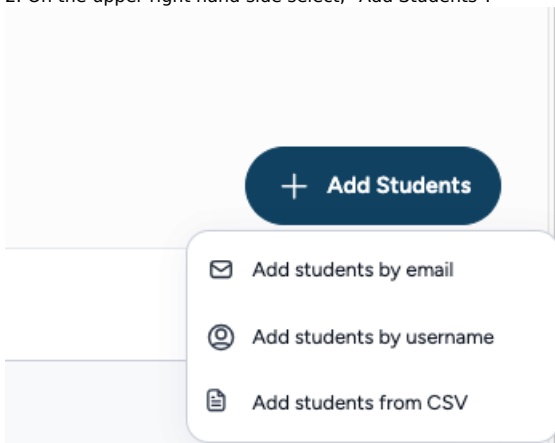

Last Modified on Thursday, 31-Jul-2025 14:33:32 BST

Steps to add a student to uPar by username and password:

1. Select, "Manage students".

2. On the upper right hand side select, "Add Students".

3. Select, "Add students by username".

4. Type the username into the textfield.

Add students by username

You can add as many students as you like.

Cancel

Add student

5. Select, "Add Student".

Create student account

Would you like to create a new account?

Username

Full name

Your password must be at least 8 characters long and contain at least two of the following:

- Uppercase letters
- Lowercase letters
- Number
- Special characters

New password

Confirm password

Cancel

Create student

6. Enter in the students name and password.

7. Select, "Create Student".

The student can now login to: startpar.com
